July 11, 2022

Dear Valued Customer,

Like many others in our industry, we continue to be faced with significant increases in commodity materials & fuel costs. Due to the rise in costs, a 3% commodity surcharge will now be added to all orders effective August 1, 2022.

This also applies to any stock agreements, special price agreements and all new project quotations.

Any previously issued quotations will be subject to this commodity surcharge and all quotations will now be valid for 14 days. Please contact your local Territory Sales Manager for a revised quotation to reflect this change.

Benshaw values your business, and we appreciate your understanding during these challenging times. Please know that we remain committed to providing quality products, on a timely basis and at competitive prices.

If you have any questions on this, please let us know.
